

https://www.weather.gov/fwd/skywarn_certificate

At the end of the Webinar there will be a password given, copy it down.

Then click on this link https://www.weather.gov/fwd/skywarn_certificate

Follow the page down to where you can put in your name and the code given out, then click on create certificate.

Follow the instructions in the Green area to print or save the Certificate

If you need more help E-Mail SKYWARN@hills68.org for help and include the name you wish on the certificate Thank You
